Subject:    ALERT: Colonial School Board

To:

This weekend you may have seen information from school board candidates pretending to be “non-partisan”. You need to know that this is a campaign being run by the Colonial Republican Party, masquerading as “non-partisan” because Republicans are mostly unable to win elections in our area.

Here are just two of many examples:

\*\* As you will see in the attached screenshots, in 2017, Republican committeeperson Gary Johnson was appointed to fill a short-term School Board vacancy (even though three Democrats had already won their elections and were waiting to be seated for their 4-year terms). Mr. Johnson’s home address is used in the footnote of the blast email sent by these candidates over the weekend.

\*\* I am also attaching screenshots from defeated Republican Plymouth Councilman Shelly Simpson sharing this new school board group’s campaign announcement on his Facebook page. He previously used his Facebook page to compare Hillary Clinton to Hitler (that's attached, too).

Our candidate screening process is underway and I am confident that we will endorse 5 progressive leaders for school board who share our values and will make all of us proud.

Our Democrats on the school board have been working hard for our kids and our district--updating the 1960s-era policies that govern the district, planning for a new Middle School, and fostering a more inclusive school community. It is hard to stand up for change and good government, so we need to stand up for the leaders who share our progressive values.

In the meantime, please don’t hesitate to contact me if you encounter any additional deceptive campaign practices, or have any questions.

Thanks!

Never arrested.  
Never convicted.

Just as innocent  
as Hillary.

Congratulations to Conshohocken's Gary J. Johnson who was appointed this morning to a vacancy on Colonial School Board! Gary had previously served on the board and is also a previous board President.
