The Rotary club was informed weeks ago that the Borough did not want to host the Beer Fest.

The A field is maintained by the Borough for the use of youth and adult sports. October is prime football season, it is used not only for the children but also High school and college.

The last two beer fests we received many complaints not only from residents in my ward but all through the Borough.

We also don't want the liability with an event that large on Borough property.

Conshohocken has supported the rotary for the 10 years. We don't find it unreasonable for either Plymouth or Whitmarsh township to show their support of the Conshohocken Plymouth Rotary. I'm sorry the Rotary has chosen to use social media to spread information that isn't accurate.

Stating publicly the reasons we had would only hinder them finding a new venue. The Rotary members are well aware of the reasons for our decision.

Thanks,
Colleen
